

## EZ SLIDE 'N STOR PRODUCT LINE FEATURES

Our NEW EZ Slide 'n Stor product line-up features creative ways to add organization to your Kitchen, Bath, Office, and RV. These products feature concealed rail systems that attach in the normally unused sections of your wall and base cabinets. With the rail systems you can neatly and easily store spices, medications, wood cutting boards, Poly cutting boards, and those small items that are typically hard to organize and store.

Maximize space utilization

**For Wall Cabinets**  
Clear, two level wall cabinet rails attach to underside of shelves  
Nearly invisible, they are made from a special Acrylic formula that provides strength, function, and durability

Easy access storage

**For Base Cabinets**  
Adjustable steel rails mount at the top of the base cabinet opening  
Made of heavy duty steel, the rails with adjustable mounting brackets, store your cutting board(s) or stuff organizer neatly out of sight until you need it.

Removable Trays or boards
